Kristin is an Operation Service Associate and supports the advisor’s team at Phillips and Company with opening accounts, account service and relationship management.

Prior to her role at Phillips and Co., Kristin spent 16 years at another asset management firm in Portland where she assisted advisors with client relationships.

Outside of work, she loves taking in a good movie and exploring the great hidden outdoor gems of Portland, as well as whipping up delicious new recipes for friends and family. She also enjoys wine tasting and the amazing scenery offered by Oregon vineyards.

Kristin earned a Bachelor of Arts in Criminal Justice Administration from University of Phoenix.

She’s not particularly superstitious but—for good luck—she does have a black cat named Ninja.
